

Why so serious?

We believe that golf must be fun for everyone! Topgolf Academy is a modern, fully equipped training center that teaches everyone to play golf. Alone or in a group.

For anyone

From kids as young as 18 months, Topgolf Academy caters to everyone in a fun, non-intimidating setting. Think nice music, friendly coaches and a welcoming area.

Fun!

Games play a central role in each program. Aim at brightly lit outfield targets, play virtual courses in the outfield, or perfect your swing while shooting down Angry Birds buildings. Short-game practice takes place at our 18-hole The Puttyard, the best putting area and minigolf in town. Our coaches – all fully certified PGA professionals – are fun, personable and sometimes even goofy. Only at Topgolf.

Your journey, your style

Every person learns in their own way and at their own pace. Our professional coaches teach tried and tested learning methods, but more importantly, we believe in personalized coaching. We tailor our lessons to your progress.

Alone or with a group, morning or evening; the choice is yours. Need a break? Relax on the comfortable sofa and enjoy a drink and snack of your choice.

Tools & technology

We provide high quality balls and clubs as part of every lesson. Perfect your swing through our swing analysis software. Moreover, relive your shot and get flight data on the TV screen, thanks to our own Toptracer technology.
